Seeking professional programming experience, I aim to constantly improve my skillset and broaden my view of software engineering.

I am currently a student at Mission Bay High School. In school, I am one of the student leaders on our robotics team and am one of three cofounders of our entrepreneurship club.

My programming experience includes a summer internship at Robolink in Mira Mesa and three years of learning and applying various programming languages & techniques. More information about my work and experience can be seen on my portfolio website (matthewlin.net)

Skills

- C/C++ Programming
- Full Stack Web Programming (React, MaterializeCSS, NodeJS)
- Python Programming
- Git (Github)

Professional Experience

Summer Instructor & RND Intern

Robolink || San Diego, CA || June 14 2019 - August 21 2019

I assisted in teaching multiple robotics summer camps at RobolinkInc. In addition to this, I also had the opportunity to work on some proprietary code for some of their RND projects. During this internship, I taught C++ & Python while also utilizing HTML, and Markdown in some of the Jupyter Notebooks also for teaching purposes.

Projects & Certificates

UCSD Extension Specialized Certificate in C/C++ Programming

My portfolio website (matthewlin.net) contains more information about various projects I have worked on in the past.

Education

Mission Bay High School

9th Grade - 4.14 WGPA
10th Grade - 4.63 WGPA
Running Cumulative GPA (10th-12th grade) - 4.63 WGPA
